Date Of Birth	: October 7, 1993		: (Staying) Bangalore

Personal Profile

To obtain an entry-level software engineering position in a fast-paced organization where exceptional technical skills and ability to quickly adapt to change are duly compensated and explore new areas and work in a dynamic stable organization.

Skills & Abilities

- Familiar with **Python, C, Java** through self-study and mini-courses offered within the University.
- Ability to Fluently speak and write in English, Bengali, Hindi
- Confident around Windows, Linux and Mac systems
- Knows how to use tools like Github and Google Colab

Certifications

2018 : Completed AI with Python NanoDegree from Udacity
(<https://confirm.udacity.com/KFADQPPE>)

2017 : Microsoft Student Partner
(https://github.com/Aetar/MSPCertificate/blob/master/Form%20Letters1_601.pdf)

Experiences

Made a program that uses Artificial Intelligence for Image Recognition

- Used the programming tools (Python, NumPy, PyTorch), the math (calculus and linear algebra), and the key techniques of neural networks (gradient descent and backpropagation) for the project.

Converting a Toy car into a Self Driving Car

- Used OpenCV for Image Processing, YOLO3 for object detection and used RPi3 for controlling the car

Built a Learning Management System

- Used Django Framework to build the LMS and learnt the concepts of Model View Controller and used html, css, sql, python in the project

Education

2019 : Completed B.Tech from **MAKAUT** with **7.53** DGPA, **Greater Kolkata College Of Engg. & Mgmnt.**

2016 : Completed Diploma from **WBSCTE** with **68%**, **SCM Institute Of Engg.**

2010 : Completed Secondary School Examination from **CBSE** with **62%**, **Aditya Academy Senior Secondary**
